

# GOOD NEWS

## SPRING IS HERE!

We're so thankful for God's protection over the camp property through the winter weather. The next few months will be spent collecting supplies, cleaning, setting up, decorating, and preparing for the campers. We're also hoping to do a few renovation projects to the property before the children arrive.

We're also thankful for some work crews who have already volunteered to come for a day and help us get things prepared. We always have plenty to do to keep them busy.

Meanwhile, as School Good News Club teachers return their teaching materials, we have some updates prepared and are excited to get them ready for the Fall Good News Clubs. Rebekah and Michelle have been busy the past few months refreshing the lessons and creating colorful visuals that we hope will be a blessing to the teachers and students.

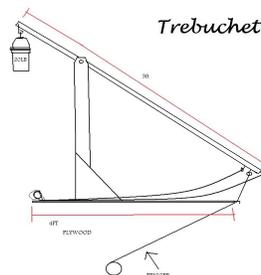

## CORA AND CALEB

Cora and Caleb have both decided to go on a mission's trip this summer to the Dominican Republic with their youth group. While there, their theme will be "Fighting for Purity" and they'll be working with a local missionary ministering to teenage girls. They will also be doing service work to repair and improve recreational facilities used by the local youth. They will focus on the north-east region and will be moving around in that area to visit various cities and towns.

We're so excited for them to have this opportunity and can't wait to see how God is going to use them. Pray for Cora and Caleb and their entire team as they prepare for this ministry from June 21- 29.

## JACOB

Jacob will participate in the Math Olympics again this year. He'll travel to Lancaster for this all-day event. He's also begun working on his science fair project for this year. He's building a trebuchet.

## OLIVIA

Olivia is excited about her children's choir production coming up later this month at our church. They are doing a musical similar to Annie, but with a wonderful message of hope and redemption. We had fun watching the Annie movie to help her learn the context. They've been working hard learning songs and motions and we can't wait to see it.
