

# GOOD NEWS

## TRANSITION

On June 6, our family made the move from Chambersburg to our new home next to Good News Camp in Waynesboro. Moving is always a challenge, but we were grateful for the help our kids were able to give. We're still in the process of unpacking our things and we're thankful for a garage and basement where we can store boxes until we have time to get to them. Dan was able to do some minor repairs and upgrades and we had some professionals do what he couldn't. We were just saying the other day that it already feels like home.

After just one week of camp, we can already see what a blessing it is going to be to live on the camp property. It makes our days shorter and is so convenient to be able to go back and forth throughout the day as needed.

Please continue to pray for our home in Chambersburg to sell. We're trusting God to bring the right buyer at the right time, but we'd love to not have to maintain two homes for too much longer.

## CORA, CALEB AND JACOB

The older three had a great week of fellowship and learning at the Christian Youth in Action® summer missionary training school at Roxbury Camp last month. The three of them, along with Taryn Sloat, Michaela Amend, Chole Over, Skylar Green, and Justin Cassidy, spent the week with other teens from all over Pennsylvania preparing for a summer of ministry. They are excited to put all of this knowledge to use as they work at camp and teach clubs for the rest of the summer.

## OLIVIA

Olivia is all settled into her new room. She had an extra week to unpack while the other three were away. She also got to be a camper at Good News Camp for the very last time. She really enjoyed being in the oldest girls' group. She spent her evenings that same week helping at Vacation Bible School at our church so it was a busy week. Later this month, she'll be going to an overnight camp and to volleyball camp. She's also planning to be a helper at Good News Camp when she's needed.

## DAN AND MICHELLE

June 11 marked our 20th wedding anniversary. We've worked together in ministry for the majority of those 20 years and we're so thankful for this blessing of serving together. We hope to keep serving as a team for many years to come.
