

GOOD NEWS

TRANSITION TIME

Once again, it's that time of year when we close the doors on our school year programs and start looking towards summer ministry.

Dan and I will both finish teaching our Good News Clubs this month. We love being able to go to the schools each week and teach our own clubs. This year Dan had extra responsibilities as he was needed to drive a bus every day of the week. I taught my three regular clubs - Fairview, New Franklin, and Falling Spring. We absolutely love the club ministry, but have to begin our focus on Good News Camp and all the details that go into planning for another summer.

It's been a blessing to live on the camp property this winter. We've been able to keep an eye on everything and keep up with repairs and maintenance. Our prayer for Spring is that we won't have a lot of flooding like we've seen the last few years.

CORA

Cora was able to come home for Spring Break. She was only here for a few days, but we were glad to spend some time with her. She's in the final stretch of her Freshman year and has really enjoyed her time in college. She'll be home for the summer to work at Good News Camps in both counties as well as helping with CYIA™. We'll be glad to have her here as she's planning to study abroad next semester so she'll be gone for a long stretch.

CALEB

Caleb enjoyed our trip down to Oklahoma this past month. We went down to visit Cora, but he also got to tour the campus and sit in on a few classes. He's still two years away from that decision, but it was good for him to see some aspects of college life. His favorite part was hanging out in the dorm with the other guys.

JACOB AND OLIVIA

Jacob and Olivia will participate in the Math Olympics later this month. They'll travel to Lancaster for this all-day event. Jacob will be competing in the reasoning category (word problems) and Olivia will compete in computation. They'll also take part in the Palm Sunday services at our church as part of the youth choir.
