

GOOD NEWS

GOD'S FAITHFULNESS

As I prepared to write this update, I looked back to what I had written in May, 2014. It was one short year ago that the decision was made for our family to move into the Teeter home on the camp property. It was during that month that we began working on some much needed repairs and maintenance to the home and property. We were able to paint the entire inside of the house, replace some aging appliances, put in asbestos-free flooring, and help with the removal of items left behind. On June 6, we were able to move our household from Chambersburg to the Teeter home and get settled before the start of camp on June 16.

Since then, God provided a buyer for our home and provided for some other needed updates to our new home. Just a few weeks ago, the last box was finally unpacked and it truly feels like home to us. We praise God for His faithfulness throughout this transition. Our kids are happily settled in and really enjoy having the extra room outside to play sports or just take a walk. Dan and I love the shortened daily commute - especially during the summer. All of this is a reminder to us of God's faithfulness to our family and to the ministry of CEF.

CORA, CALEB, JACOB

Cora, Caleb, and Jacob are all very excited about serving with CEF again this summer. They're all planning to be flexible so they can be used as needed each week either at camp or teaching at various other locations.

Cora is now home from her first year of college and is hoping to rest a bit this month before summer ministries begin in June. She'll also be working to schedule summer clubs this month.

OLIVIA

Olivia is old enough this year to be a helper at camp. She won't serve all summer like her siblings, but is hoping to volunteer a week or two. She loves being able to walk over and visit friends who are there each week. She's excited about going away to overnight camp for a week again this summer and also hopes to work on her volleyball skills while attending open gym times at her school.
