God's Gifts to us This Christmas

Merry Christmas from the Russells

As our kids get older, they are able to help more and more in the ministry. Since our clubs mostly involve kindergarten, first and second grades, even Olivia can help if she has a break from school.

Christmas is a special time for our family. Good News Clubs and school activities take a break for a week or so and our schedule slows down. This allows for some family time which we are looking forward to.

Cora is doing cheerleading again this year and Olivia has joined the 5th grade basketball team so we'll have some exciting games to watch. Now that Cora has her license, she drives everyone to school each day. We're all enjoying the extra time in the mornings since we're not as rushed to meet the school bus.

Thank you again for your prayers and support of our family. We hope you all have a blessed holiday season.
