

The Russell Family - March 2013

✦ **Cora** (right) cheered through basketball season with her two best friends, Olivia (left) and Hannah (center). It was a busy season, but she really enjoyed it. Now she's using the time she used to spend at practice working a part-time job.

✦ **Caleb** has had more opportunities to share the skills he learned in a class he took last year. Here he is painting the story of Jesus feeding the 5000.

✦ **Olivia** has almost completed her first basketball season. She has learned so much about the game over the past few months. She's not quite ready to go pro, but it's great to see her improve so much each week.

Dan and Michelle celebrated birthdays recently. We know each other's favorite cake. For Michelle, it's red velvet and for Dan, it's a king cake shipped from New Orleans.

✦ **Jacob** – About two years ago, Caleb had a growth spurt that shot him over 6 feet tall. Now, it seems that Jacob is starting a similar spurt. Maybe meals like this have something to do with it!
