The Russell Family with Child Evangelism Fellowship

## Kid News

Cora has had some opportunities to practice what she has been learning (Teaching English as a Second Language) in some Oklahoma City elementary schools. She has been enjoying the hands-on experiences. She'll be home this month for Spring break.

Jacob (#33) finished another season of basketball. He really learned a lot this year and grew as a player. Now the Russell family will take a break from sports for a few months!

## Summer is Coming!

This month starts the beginning of the transition from school year ministries to summer ministries. The time of transition is always fun and exciting. It's great to look back on what God has done during the school year and it's thrilling to think ahead to what He has in store for the summer. A few things are already in place. As we shared with you last month, new *Esther* lessons have been ordered and are ready to be distributed to the teachers. One of the two camp crafts has already been delivered and the t-shirts are being printed and boxed up for their arrival at Good News Camp.

Ordering these supplies sometimes only takes the click of a mouse or a short phone call. Finding staff is a little more challenging. We'll spend much of this month and next recruiting teachers, junior counselors, helpers, nurses, missionaries, and bus drivers needed throughout the summer. Pray that God will provide every needed person to make camp run smoothly.

The first camp craft was delivered a few weeks ago and is patiently waiting for little hands to decorate it.
