

**Happy
Easter**

GOOD NEWS

TRANSITION TIME

Once again, it's that time of year when we wrap up the school year programs and start looking towards summer ministry. We're so thankful that each school in our two counties was able to have a full year of clubs. God provided the bus drivers and volunteers to make this possible.

Since the winter was pretty mild, the camp property did well. We have a bit of wind damage - mostly fallen trees that we'll need to clear. We're thankful that there hasn't been any flooding so far this Spring and we pray there won't be any issues with the weather as clean up days are already being scheduled.

Over the next few months, our time will be divided between working in the office and working at the camp property. We're thankful for the opportunity to live so close to camp. It really helps us keep up with the maintenance and keep an eye on things in the off season.

CORA

Cora was able to come home for Spring Break. Winter storm Stella arrived just a few days after she did, so it was fun to have a day at home as a family. We filled our day with sledding, games, movies, and food. She'll be home for the summer again to work at Good News Camp and help coordinate our CYIA™ program.

CALEB

Caleb also got a week off of school for Spring Break. It was nice for him to have a vacation the same week that Cora was home. He just has two more high school classes to complete to graduate. He's taking two college courses this term also.

JACOB

Jacob got to travel to Ohio this past month with his school team to go to his first basketball tournament. Dan and Michelle took two days off to go with him and really enjoyed watching him play. It was nice to have some special time with him.

OLIVIA

Olivia is playing on a winter volleyball team again this year. They practice just once a week and go to one or two nearby tournaments each month. She really enjoys it and has made some good friends.
