

# GOOD NEWS

## CORA AND SETH

Cora and Seth will soon be finishing their first year teaching in Bangkok, Thailand. They plan to come home for a few weeks this summer before going back to teach another year. God has really blessed their time there and they feel like He has opened the door for them to return for another year. Cora will teach fourth grade again and Seth will teach math.

## CALEB

Caleb had Spring Break in early March. There wasn't too much Spring for him because it snowed the first three days and was very cold after that. He still had fun helping with clubs and attending a mission's conference with our family. We won't see him again until school ends in May.

## JACOB

Jacob got to travel to Ohio this past month with his school team for a basketball tournament. This was his last time to play basketball in high school. He is enjoying more time at home now that the season is over. He's helping to organize some things for CYIA this summer.

## OLIVIA

Olivia took an online Systematic Theology class for an eight week term. It was a very hard class since it is designed for college juniors. She had to write 11 papers and take three exams. She worked extremely hard and finished with a 98%. We're so proud of her.

## WAITING FOR SUNSHINE

Usually this is the time of the year when we turn our focus to the camp property to begin preparations for the summer. The property is extremely wet and muddy so we are trying to delay our projects until it dries a bit. We're hoping that there are not too many April showers this year. The camp building is very cold and we're waiting to turn on the water until the temperatures rise a bit more.

Luckily, there are other preparations to be made off-site. We're in the process of planning songs, games, crafts, recreation ideas, snacks, devotional books, and teachers' supplies.

A group of students will be coming in a few weeks to help with projects both inside and outside. They do this as a community service day for their school and it is such a blessing to us to have so much help. They accomplish a lot in one day and all we have to pay them is a pizza lunch!
