

GOOD NEWS

KEEPING BUSY

It takes a lot of hours and elbow grease to get camp ready for a new group of campers each year. The rain and flooding from last year caused some damage that needs to be repaired. We are in the process of getting gravel, sand, and other fill to replace what was washed away.

We are also cleaning and preparing the main building and changing rooms so they can soon be filled with excited campers, teachers, and helpers. We had a work day last month and got a lot accomplished. We'll have another work day on Saturday, June 1 starting at 10:30. If you'd like to come help, feel free to stop by.

After a very long, cold winter, we enjoy being able to work outside in this beautiful weather and in the lovely setting of the Mark Victor Teeter Memorial Park. We love hearing the busy woodpecker and vocal owl that call camp home.

CORA AND SETH

They will finish their first year at Global English School and will be home for a few weeks this summer. They will divide their time between here and Oklahoma, which is Seth's home. They are also planning to do some traveling through the US while they are here.

CALEB

Caleb finished his second year of college and his first year at The College at Southeastern. He's been helping at camp and in the office and has really been a blessing to us during this very busy time. He's looking forward to leading chapel at camp again this summer.

JACOB

Jacob is officially a high school graduate! He's planning to enjoy about 10 days off before ministry starts. He will serve as our summer missionary coordinator as well as teaching clubs and Vacation Bible Schools this summer.

OLIVIA

Olivia is glad to be done with her junior year of high school. It was a tough year academically with a lot of advanced classes, but she worked hard and did well. She's ready to spend her summer teaching children and having a fun time with clubs and Bible schools.
