CEF[®] IMPACT

Christian Youth in Action[®]

Our summer missionaries had a great summer teaching 5-Day Clubs, Vacation Bible Schools, and Good News Camp. They started the summer with a week of training with other young people from all over Pennsylvania. Because we had so many experienced missionaries on our team this year, they were asked to demonstrate a club (see picture below on left), and they were also asked to teach a class for the other newer students attending training. It was great to see them being leaders. We were also able to send some of camp staff for this week of valuable training. After training, they had

many opportunities to use all the things they had learned in homes, churches, day cares, and camps. Our club missionaries this summer were the Petkofs from Greece. The children in clubs loved learning about the ministry of CEF to the gypsy and refugee children there. Since many of our clubs were held in places where children had already heard the gospel, it was nice to challenge them each day during the missionary focus. It was also exciting to see how much money they brought to give to missions. Some of these missionaries will teach Good News Clubs during this school year.
