

**THE RUSSELL FAMILY - DECEMBER 2019**

*Serving with Child Evangelism Fellowship® in Franklin & Fulton Counties, Pennsylvania*

Since clubs started in October, we've had the opportunity to visit many of them and see the wonderful job our volunteers are doing. It's so exciting to see how each club reaches the children in unique ways and how teams work together to make the clubs successful. We are so thankful to be a part of what God is doing.

Cora and Seth are hoping to come stateside (probably to Oklahoma) sometime over the holiday break. If they make it that far, we'll most likely travel down there to see them for a few days. They are both still enjoying their teaching jobs and are making plans to stay for another year if everything continues to go well.

Caleb recently met with his advisor and received the great news that he has enough credits to graduate a semester early and will finish school in Dec 2020. So, after this semester, he will officially be a senior. He'll be home for a month over Christmas, so we're looking forward to having that time with him.

Jacob is feeling the crunch of many assignments being due at the end of the semester. School is keeping him very busy. He is getting involved in many activities which have led him to several different friend groups. He will also be home for about a month over break so our house will be full of people and activity again.

Olivia has been enjoying the slower pace of life now that volleyball has ended. She's teaching a Good News Club® each Monday and really enjoys that. She also teaches chapel for elementary students at her school once a month. Now that her evenings are free, she has re-joined the Thursday night Bible study she loves.
