# GOOD NEWS

## CORA AND SETH

Cora and Seth's school has been doing well since they reopened last month. Cora's second graders have shown a lot of growth in the past few months. This has been encouraging to her. She had a few opportunities to switch positions, but has decided to teach second grade again next year. She's really enjoying that age and her teaching team works well together.

## CALEB

Caleb has been able to do some freelance editing work this past month. He really enjoyed it. He's a very good editor because he is familiar with writing requirements and is great at seeing details. He has put his name in to possibly do some more of this work over the next few months.

## JACOB

Jacob is very busy with schoolwork. He has had a lot of group projects lately, which they tell him is preparing him for life in the computer science world where working as a group is common. He's had really good partners so far; so, it's working well. He's applying for some summer internships in the area.

## OLIVIA

Olivia had quite an adventure with the snowstorm that hit Texas last month. They had snow, ice, loss of heat, and loss of hot water. They all survived and had fun in the process. She recently was hired for an internship in Jacksonville, FL for the summer doing welding analysis. She is very excited about this opportunity as it will provide great experience and help pay for school.

## THANKFUL

We're so thankful for the clubs that are meeting again and for our faithful, flexible volunteers. Things often change very quickly from week to week or even day to day, yet everyone serves with joy and dedication.

Getting ready for camp is our main focus right now. We're expecting many more children to come this summer. We've already seen quite a few sign up who have never come before, which is a very good sign. We're praying that God will provide the volunteers needed to teach and help.

A group of students will be coming in a few weeks to help with projects both inside and outside. They do this as a community service project for their school and it is such a blessing to us to have so much help. They accomplish a lot in one day.

*"Give ear, O LORD, unto my prayer; and attend to the voice of my supplications."  
Psalm 86:6*
