

THE RUSSELL FAMILY - DECEMBER 2022

Serving with Child Evangelism Fellowship® in Franklin & Fulton Counties, Pennsylvania

This past month, we have had the privilege of visiting many Good News Clubs. It is such a joy to see each club. We love interacting with the many volunteers and children that are at each club. Pray for four kindergarten clubs in Greencastle and an after school club in Shippensburg that will be starting this month.

Cora and Seth are doing great in their new home. They got to see their first snow in a long time earlier this month. They found a wonderful church where they feel at home. Seth's parents from Oklahoma visited for Thanksgiving, and we are hoping they can work it out to come east to visit for a short time over the holidays.

Caleb started a new job on November 7. He is now the Administrative Assistant to CEF of Maryland. He is working in the state office in Windsor Mill, MD. God provided this job in an amazing way. He is hoping he can be helpful to them as they recently hired a new state director and are going through some changes.

Jacob has really found his place at his job. The work varies depending on the job that needs to be done each week. He also has some flexibility with his work hours and location. He can work from home occasionally, but he prefers going into the office and being in that environment. He and Caleb really like their church and have gotten involved.

Olivia spent a week last month at a convention in Atlanta. It was a welding and fabrication event, and she was there to represent her school. She had so much fun visiting the exhibits and learning about her future career. She will be home in early December for about a month for the holidays.
