

Good News

We have finished the School Good News Clubs that we were teaching for the year. Each club is special in its own way, and we will miss seeing the children every week. Thankfully, many have told us they will be at camp this summer, so we will see them again soon. We look forward to that.

Michelle took some time to visit Olivia in Texas for a long weekend in mid-April. They had so much fun together. It was great to meet her friends, eat at some local places, attend chapel, church, and Bible study with her, and just have some time together. The highlight of the weekend was the Hootenanny show, which was a variety show led by the students. It was very fun and creative. Olivia was in a swing dancing group that did a parody of the song "Good Morning" from the movie *Singing in the Rain* about a group of students trying to finish an engineering project by morning. They won an award for their act.

Dan and Michelle will have the opportunity to attend a ministry briefing for a few days in Washington, DC with some friends and partners of CEF. It will be a great time of sharing and fellowship. We will also attend the national conference in North Carolina for a week in May. That is always a fun and encouraging week. We are looking forward to both events.

Prayer Requests

- ✓ Praise God for opportunities and transitions for our children. Pray for each one as they face many life changes over the next weeks and months.
- ✓ Pray for safety while traveling and a good week of fellowship and encouragement at the national conference.
- ✓ Pray for camp preparations which will really pick up this month.

Cora and Seth

Cora and Seth will soon finish their first year of teaching in Lynden, Washington. It's been a good year in a lot of ways. Making such a big move has required many adjustments, but they are doing well. They are praying about God's will for next year.

Caleb

Since 1937

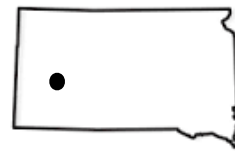

Since Caleb is serving with CEF of Maryland, he will also be attending the national conference in North Carolina. It will be fun to spend the week together with him. He is still enjoying his role as administrative assistant. He has learned a lot and has been helpful.

Jacob

Over the Easter weekend, Jacob and Caleb met Dan and Michelle at a Burmese church in Laurel, MD for a two-day children's conference. It was a busy time with songs, Bible lessons, crafts, and outdoor activities. It was a lot of fun to serve together again as a family.

Olivia

Olivia has accepted a summer internship at The South Dakota School of Mines and Technology in Rapid City, SD. In her words, she will be, "working with the department head of materials and metallurgical engineering to work on a research project involving friction stir welding or cold-spray research."
