The Russell Family - Serving with Child Evangelism Fellowship®

Jacob has now completed his first year at Textron. He still really enjoys his job and the life he's building in Towson. He recently joined his church there and has taken on some additional responsibilities. We had fun going to the inner harbor with him recently.

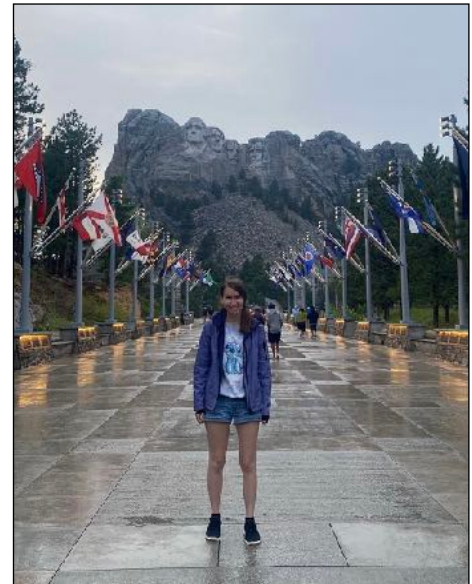

Olivia finished her internship in SD and left a few days later to return to LeTourneau University in Texas. She is a lead peer advisor again this year and is very excited about that. She loves her school and her friends. While in Rapid City, she made a list of all the places she wanted to visit. Mount Rushmore was the last one, and she visited there the weekend before leaving. She had an amazing summer.

Caleb was a tremendous help at camp this summer and continues to help with the preparation for clubs. He plans to return to Towson to live with Jacob again this fall, although the job he had with CEF has fallen through due to lack of finances. He will be looking for a new job and trusting God to provide as He always has.

Once again, we had a wonderful summer of ministry. Much of it was bittersweet as we said good-bye to some of our summer volunteers. We had a party for our counselors on the last day of camp. We'll certainly miss that group, but we know they are in good hands and will continue to serve well.

Seth and Cora have returned to teaching at Lynden Christian Academy in Washington State. Seth is once again teaching middle school and Cora is a reading specialist. They enjoy their church and their community. They had a nice summer to rest and visit family and are ready to begin the new school year.
