

Good News Camp Promo

Intro: Don't show pictures yet.

Today I want to tell you all about Good News Camp. Maybe some of you have gone to Good News Camp before and you can help me tell the others about it. Good News Camp is in the summer when you are out of school and anyone who has completed Kindergarten through 6th grade can come. It is one week long and it only happens during the day. You go home at night and sleep in your own house and then you come back the next day.

Maybe you're wondering what you would do if you came to Good News Camp. I'm going to tell you about a day at camp hour by hour.

Picture 1:

What time does this clock say? Yes, 9:00. At 9:00 each morning at Good News Camp you will be in your special group with others who are just like you. You will have a teacher who will tell you a story from the Bible. The stories are exciting and fun to hear. You'll learn about people in the Bible and how their lives are important to you also. We use our Bibles a lot at camp so be sure to bring yours along if you have one.

Picture 2:

Let's look at this clock. What time is it now? That's right. It's 10:00. Can you see what the boys in girls in this picture are doing? They are singing. That's because 10:00 means time for chapel. For chapel you go inside our chapel building and join with others who are your age for a special time.

During chapel, you will learn more from God's Word including a memory verse. You'll sing lots of fun songs - some that you probably already know and some that will be new.

We also like to play games in chapel. It's a fun way to learn more about God and the Bible. At the end of chapel each day, you'll get to see how your team is doing in our week-long contest. At the end of the week, the team with the most points gets a cool prize.

Our day is moving by quickly. After chapel you'll have some time to run around outside and play some fun games with your friends. Maybe you can even earn some points for your team during this time.

Picture 3

Our clock tells us it's time to move to the next activity for the day. What time is it now? It's 11:00. That means it's time for one of the most exciting parts of the day... Missions Time!! You'll have a real-live missionary at camp who will tell you about their adventures as they serve God. You will hear exciting stories about the place where they live and the people they tell about Jesus.

You'll have a chance to help the missionary by bringing missionary offering. You'll also have time each afternoon to meet with the missionary one-on-one and learn even more about their ministry.

Wow! Thinking about all this is making me hungry. I hope I know what is coming at 12:00. Let's look at the next picture and see.

Picture 4

Yes! It's lunchtime. Lunchtime at Good News Camp is fun because you get to eat outside. It's like having a picnic everyday. And you can know for sure that you will always like what's for lunch because you bring it from home each day. After you finish eating, you'll probably have some time to play before quiet time begins.

During quiet time, you will be with your junior counselor and your team. Your junior counselor will help you learn your memory verse and prepare you to earn even more points in the contest.

You'll also have time to talk to your teacher during quiet time. All of the Good News Camp teachers love children and they especially love to talk to you and pray with you. You'll have a chance to do that with your teacher at Good News Camp.

By now, the sun is high in the sky and you are probably getting a little hot. I think it's time for.....

Picture 5

SWIMMING!!!!

Good News Camp has fun water activities. You might get to swim in a pond or ride a water slide. Maybe you will take a paddle boat ride, go tubing or hunt for crayfish. No matter which activity you choose, you'll enjoy getting cooled off with your camp friends.

(Teacher FYI)

Waynesboro camp has pond, paddle boats, water slide, tubing, crayfish.

Fulton County camp has a water slide and water games

Path Valley camp has water games and activities

Picture 6

Now our clock says 2:00. This is a time for some more fun activities. You'll have a chance to do some crafts that you can take home to remember your fun time at camp.

You'll also have time to play games with your friends and on some days you may get to go on a wagon ride! (wagon rides at Waynesboro)

Picture 7

Our day at Good News Camp is almost over. What time is it now? Yes, 3:00 is time for sno-cones. They taste so good on a hot, summer day. There will be a different color every day. It's fun to try to guess what color it will be.

After sno-cones, you will go to quiz-down which is another chance to earn points for your team.

Lastly, you will gather up your things and head for home. Most of you will ride a bus home, but some of you will go in cars if your parents bring you. No matter where you live, there is a bus stop near you. I have some papers here that tell you exactly where the buses will stop. You can give this paper to your parents and they can find the best week for you to go to Good News Camp.

I hope you can see how much fun Good News Camp is going to be this summer and I hope you all can go for a week. If you have any questions, there is a phone number on the paper that you can call.
